

SMITHERS

Begin the day with a visit to the **Bulkley Valley Museum** containing an array of artifacts collected since 1967. While you're in the heart of town, take a lunch break and enjoy one of the local dining establishments in the area. After fuelling up, embark on a scenic family hike! Choose between the Smithers Perimeter Trail or the Riverside Trail. The **Smithers Perimeter Trail** offers beautiful views of the Bulkley River. The **Riverside Trail**, where the Bulkley and Telkwa River meet, contains the only rock in the world with three bridges, securing Telkwa's spot in the Guinness Book of World Records!
